HOW HONEST ARE YOU?

If a stranger walked up and asked, "How honest are you?" What would be your answer? Would you say, "well I think I'm pretty honest," or would you say, "yes, as a matter of fact I'm always honest." But if your answer was no, because you know there are two sides of being honest, then your answer would be more honest than the people who said they thought they were pretty honest. People who consider themselves honest aren't. People may do something they consider honest while the other people who are affected by his actions think he is unjust.

LIBRA
September 23-October 22
Ruler:Venus
Metal:Copper
Color: Mauve
Stone: Milky Opal
Flower: White Rose

Taste, good manners, and love for all things beautiful—those are the characteristics Libras are noted for. The purer the air, the nicer your surroundings, the better you function. Make an effort to clean up the environment! You probably love to share your ideals, your ideas, your life. Partners are important; rare is the Libra who is a loner. You want what's right and just, and though you'd rather achieve your goals peacefully, you can be a tough fighter.

A good month is in store! A dream may even come true—but only if you make it happen. You have bright ideas, and a special sparkle in your eyes will be noticed! A loved one may throw a tantrum—ignore it!
SCORPIO (Oct. 23-Nov. 22). After the first week, your mind should be exceptionally sharp, so get organized, finish written assignments. Now you can find answers to long-asked questions. Friends may invade your privacy; be firm but gentle with them. Dealing with teachers may take patience.
SAGITTARUS (Nov. 23-Dec. 20): Take it easy the first part of the month, especially while driving and using tools. Schoolwork needs extra concentration. Find a physical outlet for your restlessness: build a bookshelf, or take up a sport! Someone you love may play hard-to-get or be rather secretive. It won't last.
CAPRICORN (Dec. 21-Jan. 19): Emotionally, this is an intense month. Feelings (jealousy?) are strong, visible. Keep your perspective and temper! Turn to buddies for encouragement. Independent study projects are favored; ideas and energies abound!
AQUARIUS (Jan. 20-Feb. 18): You may expect more time and attention from that special person than he/she can give. Don't jump to jealous conclusions! The home scene could be a bit agitated—keep cool, and talk it out. Concentrate energy on study and work!
PISCES (Feb. 19-Mar. 20): This looks like a rather slow-moving period, and you could be tempted to feel sorry for yourself. Don't! There's too much in your life that' bright and shiny! A new, deep relationship maybe? Follow your hunches now. Work brings rewards and pleasure!
ARIES (Mar. 21-Apr. 20): Look forward to a super month—fun with friends, approval from those who count. You may even win a prize! Put your wardrobe in shape; but spend your hardearned money with care. An old flame may be rekindled—keep your eyes open!
TAURUS (Apr. 21- May 20): You're starting a very productive and creative cycle. Projects you start now may take a while to complete, but they'll endure and pay off. A loved one is important and can inspire you. To understand your friend's point of view, listen!
GEMINI (May 21-June 20): During the first week it's especially easy to get written work done. Open up and express your feelings; you might get even more than you give! Money should be no problem—so make more! To build your ego, throw a party!
CANCER (June 21-July 20): Work closely with your teachers, advisors. They can open new doors. If you need a raise, ask for it! Special love and warmth should make you feel wonderful. Your enterprising spirit is at its best; find outlets to sell your crafts or homemade goodies.
LEO (July 21-Aug. 21): This should be a high energy month. You can really get across to people now— be it in writing, through speaking out, or by undertaking a special project. Friends and neighbors may want to involve you in their doings; you could make useful contacts!
VIRGO (Aug. 22-Sept. 22): A very busy month is coming up. If you need a new job, go hustle for it! You can present your qualifications very well. Schoolwork should go smoothly—you've got patience and concentration. Your optimism and confident manner attract people—and some are even romantically inclined. No dull time!

Miss Chilocco Attends Arkalalah Festivities

During the Arkalalah festivities this past weekend Miss Patti HeCrow attended many activities as a representative of Chilocco.

Patti, who is Miss Chilocco of 1979-80 stayed in the home of Mr. and Mrs. Lorne of Ark City, Kan. while attending the Arkalalah celebration. Her busy schedule started on Friday, Oct. 26 when she took a tour of Cowley County Junior College, attended a luncheonette, an evening banquet and later the Arkalalah Cornation with her escort Joe Jensen. They ended the evening at the Pizza Inn with all of the other visiting queens and their escorts for a late supper.

On Oct. 27 she attended the Arkalalah Pancake Feed with other Chilocco students. Later in the morning she did get a few hours break before she had to get ready for the 1:00 P.M. parade.

She got to meet many new friends among the visiting queens and spent a very memorable weekend in her life.

POETRY CORNER

The sun is shining-
The sky is blue-
The birds are singing, "Mother Earth"
I am a chief-
My people are wondering-
Will tomorrow be the same?

Today's Youth
are tomorrows leaders
fighting for their rights
in the courts of law.
Not like yesterday's youth
when they fought for life
on the prairies and mountains.
